Parts

The following pages are intended as a guide for identifying parts you may need to replace. Please note that the breakdown of a product does not specify the complete product (manikin, defibrillator, airway device, suction unit), but shows available spare parts and accessories.

If you need further information regarding the parts for your Laerdal products, please contact us.Trained personnel are available to answer your questions and provide additional technical data.

Product specifications are subject to change without notice.
